

We proudly offer end-to-end solutions marked by professionalism, innovation, and results that last—serving both public and private sector clients with unmatched efficiency and integrity.

OUR COMPANY

SIMCON (Pty) Ltd, established in February 2025, is a multi-disciplinary contracting company committed to delivering professional, high-quality, and safe services across key infrastructure sectors. With the seasoned leadership of Simiso Nkambule—a skilled expert in building and civil infrastructure—SIMCON combines technical excellence, reliable project management, and a customer-first approach in every engagement.

A photograph showing several construction workers in blue uniforms and hard hats working on the steel framework of a large building. They are standing on wooden formwork, some holding tools like hammers. The background shows a dry landscape under a clear blue sky.

VISION & MISSION

Vision

To be a leading contractor and service provider in Eswatini setting benchmarks in quality, safety, and sustainable infrastructure delivery.

Mission

To deliver tailored, innovative, and sustainable solutions in infrastructure development—building lasting partnerships and maintaining safety and quality in every project we undertake.

OUR VALUES

Safety First

Ensuring a safe and secure working environment in all projects.

Quality Without Compromise

Delivering excellence in every aspect of our work.
Prioritizing client needs and expectations.

Integrity and Transparency

Upholding honesty in our business dealings.

WHY CHOOSE US?

- Experienced and qualified team
- Commitment to safety, quality & timelines
- Competitive pricing
- End-to-end project management
- Registered & fully compliant with industry regulations

Our Competitive Edge

- While SIMCON is newly established, it has been founded with over 15 years of industry experience.
- Founder Simiso Nkambule is a seasoned expert with a proven track record in building construction, civil engineering, airport infrastructure, and aviation operations, having held leadership positions in both the public and private sectors.
- He is supported by a team of qualified professionals, each bringing hands-on expertise and deep industry insight to every project.
- Certified expertise from Eswatini College of Technology, City & Guilds, IATA, University of Pretoria, and Singapore Aviation Academy.
- Strong compliance with Eswatini Procurement Regulations, OHS, and Building Codes.
- Proven track record in managing large-scale infrastructure projects in airports.
- Strong network with certified subcontractors and consultants across Eswatini and the region.
